

BRAND BOARD · PREPARED JULY 2026

COMPEAN PAINTING SERVICES

Owner-operated painting and remodeling in Georgetown, Texas. A+ BBB rating. This board refreshes the existing red-and-black identity: three logo directions, a working palette, type, and voice, ready for the new website and everything printed after it.

The idea

Positioning

Every competitor in Georgetown sells "quality painting." Junior's reviews sell something rarer: the owner himself shows up, does the work, and comes back to check it in different light. The brand leads with his name and his standard, not a crew logo.

Tagline options

Done right. Checked twice.

From a real review: he rechecks finished walls in different lighting.

The owner shows up.

The differentiator, stated flat.

Logo concepts

Concept A - The Evolution

RECOMMENDED PRIMARY

Keeps the equity of the current logo, the brush-stroke C wrapped around a house, and redraws it flat and geometric. The dry-brush tail keeps the paint story. It scales from a 16px favicon to a truck door without losing shape.

Concept B - The Seal

SECONDARY / MERCH

A Texas heritage badge: lone star, brush swoosh, established date. Built for shirts, hats, invoice stamps, and yard-sign corners. Works alongside either other concept as a certification-style mark rather than replacing them.

32px

Concept C - The Statement

MODERN WILDCARD

Type does the talking: heavy caps over a single red paint swipe. The most modern of the three and the strongest website header. The tile icon doubles as a social avatar and app-style favicon.

16px favicon

Color

**Compean Red**

#D62828

The brush stroke. CTAs, accents, the swipe. Never for body text.

**Deep Red**

#A61B1B

Hover states and print-safe red.

**Ink**

#141414

Headlines, the mark, footer grounds.

**Charcoal**

#1D1D1F

Dark panels and cards.

**Silver**

#8E8E8E

Captions, metadata. The quiet nod to the old logo's chrome.

**Canvas**

#F5F3EF

Page background. Warmer than pure white, like primed drywall.

Typography

DISPLAY · ARCHIVO BLACK

FRESH PAINT, STRAIGHT LINES.

Headlines and the wordmark. All caps, tight leading.

SUBHEADS & LABELS · BARLOW CONDENSED 600

INTERIOR · EXTERIOR · CABINETS · DRYWALL

Tracked-out labels, badges, buttons. Condensed keeps long service names on one line.

BODY · BARLOW 400/600

I treat every house like it's mine. That means straight cut lines, full-coverage coats, and a walkthrough with you before I call it done. Both faces are free Google Fonts, so the site and every future flyer costs nothing to license.

In the wild

Business card, front

Yard sign, 18x24
